WHO & WHERE?

MANAGEMENT SYSTEM

- Project Management Committee (PMC): its main task is to ensure that the project runs according to the budget and schedule. Its members take decisions at key moments of the project to guarantee efficient management control.
- Leader: an active leader per activity/output who is responsible for accomplishing the objectives and tasks assigned within the specific activity/output. His role is to coordinate, supervise, monitor and report all related activities as ongoing measure to the PMC.

- Expert Board Committee (EBC): It gives input and feedbacks to all relevant activities and thus helps to achieve effective management and reliable quality. It is composed by associated partners and relevant stakeholders and/or potential beneficiaries - at least six- and celebrates three meetings during the lifetime of the project.

FOUR PARTNER COUNTRIES

VET providers, companies and entrepreneurial research centers from 4 countries (Spain, Ireland, Hungary and Austria) working together to develop GREEN MENTOR project, extending their scope beyond the borders of their own countries in order to define common strategies to address similar necessities with regard to green entrepreneurship in VET.

FIVE PARTNER ORGANIZATIONS

- Utopicus innovacion cultural s.l. (UTOPIC_US);
- Instituto para el fomento del desarrollo y la formación s.l. (INFODEF);
