Fostering green entrepreneurship through an innovative ECVEET curriculum for the new professional profile of Mentor for Green Entrepreneurs

### DID YOU KNOW ABOUT.. EBC?

GREEN MENTOR is supported at country level by an Expert Board Committee (EBC) of 6 members. It is a pool of experts in the business, sustainability and entrepreneurship fields that help us to develop the best solution to achieve our goals and create useful contents for green mentors. The EBC is a key stakeholder of our project since it provide us with a wise and external feedback, very important to work from a real perspective.
