ENGLISH

*utopic\_US presents:*

**Official presentation of the results of the project Erasmus plus Green Mentor with a day dedicated to the Economy and Green Entrepreneurship in Madrid, June 16, 2017.**

- *Utopic\_US, together with four other organizations from different countries (Spain, Hungary, Austria and Ireland), has been developing **Green Mentor**, a project under the 24-month Erasmus + program which has been pushing forward one of the main European policies towards Cooperation for innovation and the exchange of good practices.*
- *Green Mentor content (vocational education and training) has been designed, developed and tested EFP for the recognition of the new professional profile of Mentor / a for entrepreneurs and green companies. Since the beginning of the project, it has been worked successfully with European partners to create the first comprehensive methodology of support and training for mentors and mentees (entrepreneurs and entrepreneurs) in their relationship of professional mutual enrichment.*
- *Next June 16th 2017, the official presentation day of the project, it does not represent the end of Green Mentor but the beginning of a new stage of diffusion and exploitation of the generated contents hoping that they will contribute to the development of a greener and more competitive Europe. ¿Do you join us?*

**15th of May 2017.-** utopic\_US, the Green Mentor project reaches its final stages. After almost two years of work and collaboration at European level, we are delighted to share the results obtained, the contents developed and the learning of this long journey in a key theme for the future of Europe that we want. We invite you to the presentation day of the project to be held on June 16 from 09 to 17 in utopic\_US (US3 Colegiata 9, Metro Tirso de Molina).

This full day event will offer the following:

- General information about the project
- Hands-on sessions to work with main project results
- Exploitation workshops about further implementation in guest organizations and countries
- Networking session about exchange on practices and future cooperation

# utopic\_US

- Closing session dedicated to evaluation of outcomes and event

We also remind you that you can follow the conversation online through our forums at <http://greenmentor-project.eu/networking-tool> where you will find and you will be able to participate in the most interesting debates about green mentoring, responsible entrepreneurship and circular economy of the hand of our collaborators Local and international [Ecove](#) and [Ecopreneurs For Climate](#). These working groups and dialogue are key to improving content, discussing green mentoring and engaging more professionals! Do not miss it!

All the contents are available to be downloaded in the different languages next to the video-pills: <https://www.youtube.com/playlist?list=PLnhVV5cd-PD6ziUwa4bgo1axe-jB3PvjK>

The day will finalize with an Eco-UrbanPicnic, to have something to eat and drink together, so you can do good networking and get to know first hand other green entrepreneurs and mentors, companies and the entire utopic\_US community. We will wait for you!
